F O R E W O R D

We feel honoured to have been chosen to handle the dispersal of the great Birmingham-Joyceton Polled Shorthorn herds.

We have not put extensive footnotes beneath the pedigrees as these cattle are known the world over.

When we were commissioned to make this sale, we asked Mr. Franklin, who manages the Joyceton herd, as well as his own, to hold open from that period all his horned cows of pure horned breeding. We did this in order to allow horned breeders to take quick advantage of these cows, which carry some of the greatest blood of the breed.

We visited the herds on August 24th and found them a solid red herd of outstanding type with only grass fit on them. This is the way they will sell.

As in all sales under our management, cattle are examined for pregnancy and guaranteed by us to be breeders.
